

## I WISH YOU WELL

*Music and lyrics by Cèlia Pallí*

Oh I remember the day  
When I heard you say  
"You are mine please stay"  
Then the future took a shade of  
grey

Oh I remember that week  
We didn't dare to speak  
You were so hard to read  
And only hope put me to sleep

We weren't meant to stay  
In this crazy charade  
We are better off this way  
Don't let this ending crack  
What we once used to have  
Remember me that way  
I wish you well

Oh I remember the month  
When you were so cold  
It went for too long  
And we started to feel  
Good on our own

Oh I remember that year  
I guess nothing was clear  
We even stopped to fear our end  
When love had disappeared

We weren't meant to stay  
In this crazy charade  
We are better off this way  
Don't let this ending crack  
What we once used to have  
Remember me that way  
I wish you well  
I wish you well  
And although  
I've been grieving you with  
sadness  
Our time had to come  
Today my heart  
Is filled with gladness 'cause  
I already moved on  
Now I'm ready to let you know  
I wish you well  
I wish you well  
I wish you well  
I wish you well  
Oh, I wish you well
