

**I'LL BE FINE**

*Music and lyrics by Cèlia Pallí*

I just had  
One of those days that  
Falls apart  
Getting me down and  
Thought that you  
Could help cheering me up  
Think of you  
Every so often  
Sometimes I smile  
Sometimes cry alone  
To a memory that is gone  
Don't you mind  
These are not tears  
My eyes swell up  
When I'm in here  
Go, don't be late  
Don't let her wonder on

So you're with someone  
That makes you feel like  
One of those men  
Who is invincible  
I'll go home tonight  
Pour a glass of wine  
Tell myself how pretty I am  
Just don't tell me more  
And I'll be fine  
I'll be fine

Yes, I know  
I said I wouldn't call  
Just thought  
It'd be nice to say hello  
How's your life  
Been coming along?  
Oh, I see,  
You guys got a puppy  
Sure thing  
I hear that you're happy  
Must go  
But you can call if you want

So you're with someone  
That makes you feel like  
One of those men  
Who is invincible  
I'll go home tonight  
Pour a glass of wine  
Tell myself how pretty I am  
Just don't tell me more  
And I'll be fine  
I'll be fine

So you're with someone  
That makes you feel like  
One of those men  
Who is invincible  
I'll go home tonight  
Pour me a glass of wine  
Tell myself how pretty I am  
Just don't tell me more  
And I'll be fine  
I'll be fine ahh  
Just don't tell me more  
And I'll be fine.  
I'll be fine
