

WITH LOVE IN OUR EYES

Music and lyrics by Cèlia Pallí

Oh...
As the sun
Melts my drink
Life starts to sing
And the glow
On the streets
Says I'm in the right dream
Not a whisper could break the spell
Of this moment I know so well

All I want is
To give you my love
I just need you
To show me how far
You'll swim this ocean
And under the stars
We'll sail this heaven
With love in our eyes
With love in our eyes...

Oh...
As the moon
Shines on us
I feel the rush
So tonight
I'll think twice
Before holding you back
Not a whisper could break the spell
Of this moment I know so well

All I want is
To give you my love
I just need you
To show me how far
You'll swim this ocean
And under the stars
We'll sail this heaven
With love in our eyes
With love in our eyes
With love in our eyes
With love in our eyes...

Oh oh oh oh....
Oh oh oh oh ...
All I want is
To give you my love
I just need you
To show me how far
You'll swim this ocean
And under the stars
We'll sail this heaven
With love in our eyes
With love in our eyes
With love in our eyes...
